

Baltimore Ravens Star Tight End Mark Andrews

2019 Annual Dinner

Join your fellow Association members for a night to remember with the Baltimore Ravens newest star tight end Mark Andrews.

Mark was drafted in 2018 by the Baltimore Ravens after a standout college career with University of Oklahoma. After an outstanding rookie season, Mark has been an integral part of Baltimore's current season's success and is a frequent target of Raven's QB Lamar Jackson. He is an up and coming face of the Ravens and we are very excited to have Mark Andrews join us.

We will kick off the night with a cocktail social hour with your industry peers. During dinner, Mark will be our featured speaker, taking your questions and regaling us with fun stories and insider scoop. Our yearly raffle will have fantastic signed sports memorabilia. We will end with a quick General Meeting,
