Custom Steps

Key Personnel

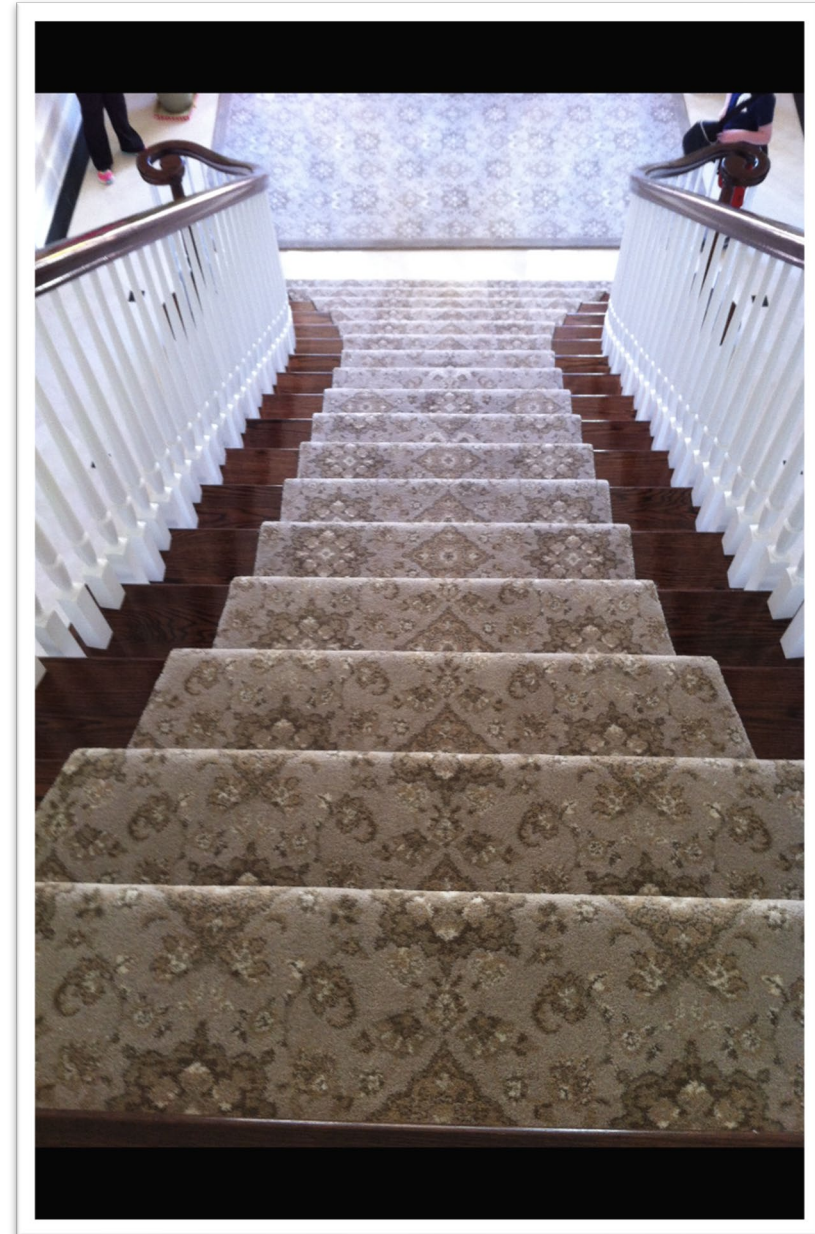

Dealer:	Thompson Flooring, Installation & Consultant Services Roland Thompson
Installer:	Roland Thompson
Manufacturer:	Milliken
Distributor	Elias Wilf & Fishman Flooring Solutions

For these steps, the customer did not want any staples to be used. I had to template all the steps keeping pattern lined up, had to then cut each step to be put on one at a time. We then had come up with a way to wrap the nose area with no staple. Using the Kool Glide and utility tape, we made it happen.
